To the Editor of the Interior Journal. I would like to ask space in your paper to tell your many readers of a trip I made a few weeks ago as far West as the sting of death and leaving her chil-Missouri and of some of the things I saw dren. and of the hospitable people I met. Accompanied by my daughter, Miss Ber tha, I left McKinney the 17th day of September and landed at Jacksonville, Mo., the next day, making the trip of about 700 miles in 24 hours, less eix minutes, with at least three hours for stops. 12 37pm We traveled over the Q & C. to Cincin-3 13 a m nati, thence the B., O. & S. to St. Louie, thence the Wabash to Jacksonville, and after a last good-bye we boarded the which is a small village of something like which is a small village of something like 300 inhabitants; located in Randolph county on the Grand Prairie between the Mississippi on the Fast and the Mississippi on the Mississippi on the Fast and the Mississippi on the Fast and the Mississippi on the Fast and the Mississippi on the Mi county on the Grand Prairie between

NOTES ON A TRIP TO MISSOURI.

Here I have two brothers and an only sister living. The older brother, John S., I had not seen since I was there 27 years ago. He left Kentucky in 1849 and lived in Missouri till the beginning of the war, and being a democrat and a very strong Southern sympathizer, he was compelled to "take to the woods," which he did and glad of the chance and finally "turned up" in Colorado, where he remained till after the "smoke cleared away," when he returned home and has lived ever since in peace. He is a very fice mechanic and it is said he made the finest rifle-gun that was ever in Macon county. The other brother, Sidney J., left Kentucky in 1857 and when the war came on he joined the 27th Missouri Infantry and served till the close of hostilities. My only sister, Etna, was married modate the above number. in Kentucky about 30 years ago to R. O. place they moved and have lived ever flour. since. They all have families and some of them have grand-children. They live in a fine, level prarie country; the prettiest I ever saw.

The blue grass grows well up with our best Kentucky blue grass and the best land is worth from \$30 to \$40 per acre the which I could have bought when I was there 27 years ago for \$12 to \$18. The was there 27 years ago for \$12 to \$18. The drug store. people are kind and sociable, always ready to entertain a worthy visitor, but never have any time to "loai" when the visitor has left. They have much better marke a for what they raise than we do. They find a ready market and a good cash price for every pound of butter and for every turkey, chicken, bushel of potatoes, head of cabbage and everything else they raise that they can spare so that the farmers can lay by all the cash they receive for the more important products of the farm. They are well supplied with good churches, good schools and plenty of good doctors. Pol-A. G. Lanham itics was at red heat, but it is too late to speak of that now as the wrong William was elected.

After spending over two weeks at this point where we saw many of our kinsmen and formed many new acquaintan-INSURANCE COMPANY ces, we continued our journey Northward to Trenton, the county seat of Grundy, and just one county from the Iowa line. The population has increased since I was there in 1870 from a few handred to 10,000 The machine shops of the Chicago and Rock Island are located here and give employment to a large number of workingmen.

Here we boarded a Rock Island train and ran out Westward nine miles to Hickory, where in 1867 my oldest brother, William W., located, having moved from Middleburg, Ky., and lived until the 18th day of last January, when death claimed him with a severe attack of pneumonia. He was twice married and raised a large family of children, all of whom are living, together with the widow, except one of the first and one of the second set.

The people at this point are well prepared to live comfortably, well supplied with good schools and church is and a fine, rich country. The land is not so level but of a better quality than the land at Jacksonville. It would remind one of the average Lincoln county farm and is worth from \$30 to \$40 per acre, and more if near the town.

After remaining here two weeks with relatives and friends, spending a most pleasant time, we "turned our heads h mewari," retracing our steps, by the sime route, to Jacksonville where we spent another week "finishing up." Near here our cousin, John M. King, lives. He is now past 80 years old, but quite active, traveling on foot anywhere he wishes with unusual rapidity. He was born in Lincoln county, Ky., near South Fork Trestle, in 1816 and left for Missouri at Sole proprieter Desa's Black Diamond Root Trestle, in 1816 and left for Missouri at ann. Estimates furnished for painting Wood, the age of 17 and has never been back to Kentucky since. He could name but one man in Kentucky that is now living that he knew before he left and that was David Frederick, of Casey county, who large family, is a good citizen and a worthy man. Here another cousin lives,
John S. McCanne, who is a brother of
Mrs. Hannah Dichards of the family states. A splendid lot of pigs of different ages for sale. Bred sows a specialty. Satisfaction guaranteed. Correspondence solicited. Address is now a very old man. He has raised a Mrs. Hannah Richards, of Lincoln county, the widow of M. L. Richards, whom many Lincoln county people well remember. Another very notable character is Mariah McCanne (grand ms). She is my sister's mother-in-law and is a native born Kentuckian. Her maiden name was King and used to live on the immediate spot where William F. Jones now lives at South Fork Trestie, and from Westmal Life Insurance Co whose family name, Kings Mountain took its name. She went to Missouri in early life and has been the widow of

Marvelous Results. From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results ang Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at kives Junction she was brought down with pneumonia succeding la grippe. Terrible paroxisms of coughing would last for hours with little intermission and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; It was quick in its work and highly satisfactory in results." Trial bottles free at W. B. McRoberts' Drug Store. Regular size yoc and \$1.
